Pentru pre-paid: Prețul de vânzare va fi afișat în RON înainte de finalizarea achiziției, utilizând următoarea formulă de calcul: cursul de schimb EURO / RON comunicat de Banca Central Europeană valabil pentru ultima zi de curs publicată, anterioară plății, la care se adaugă 1%.					
Cursurile de schimb valutar practicate de Banca Central Europeană pot fi consultate aici.					
Exemplu: Prețul de vânzare afișat = 100 EURO (inclusiv TVA). Cursul Băncii Central Europene aplicabil tranzacției 5 RON = 1 EURO. Prețul de vânzare în RON = Pretul de vânzare în EUR x (Cursul BCE + 1% din Curs BCE) = 100 x (5 + 1/100 x 5) = 505 RON					
Pentru post-paid: În cazul serviciilor platite ulterior utilizării (post-paid), prețul de vânzare va fi reflectat în factura emisă de Furnizor, în RON, utilizând următoarea formulă de calcul: cursul de schimb EURO / RON, comunicat de Banca Central Europeană, valabil pentru ultima zi de curs publicată, anterioară datei emiterii facturii, la care se adaugă 1%.					
Cursurile de schimb valutar practicate de Banca Central Europeană pot fi consultate aici.					

Exemplu:

Prețul de vânzare afișat = 100 EURO (inclusiv TVA).

Cursul Băncii Central Europene aplicabil tranzacției 5 RON = 1 EURO.

Prețul de vânzare în RON = Pretul de vânzare în EUR x (Cursul BCE + 1% din Curs BCE)
= $100 \times (5 + 1/100 \times 5)$
= 505 RON
